MADISON INSTITUTE.

The College year commences TUESDAY, SEPTEMBER 11, 1900. The

Institute will be open for the reception of students on Saturday, the 8th

of September next. Those wishing to secure places for their daughters or wards

are advised to apply early.

Persons wishing to have an interview with the Principal before placing a

student in the school would do well to call at the Institute before the opening

day. This will insure to the patron the undivided time and attention of the

Principal and it will expedite the work of organization. Every absence of the

Principal from the school room after 8:30 a. m., September 11, delays the work

of classification and organization.

Come then, if possible, for all preliminary arrangements before September

11th. If you do not find it practical, come on the 15th or any day thereafter.

On June 5, 1900 formal notice was received that Madison Institute had been

placed on the list of approved schools of the Lexington College and Vassar College.

For some time we have held the right of reclassification to Cornell University.

Students desiring to enter any of these institutions may enter upon our

certificate after having satisfactorily completed the College Preparatory Course.

A Letter to Mrs. Pinkham Brought Health to Mrs. Archambo.

LETTER TO MRS. PINKHAM, NO. 48-101

"DEAR MRS. PINKHAM—For two

years I felt tired and dizzy and

some days I could hardly go

around the house. Backache and

headache all the time and my food

did not digest and I had pains in the

womb and I was troubled with leucorr-

hea and kidneys were affected.

"After birth of each child I grew

weaker, and hearing so much of

good you had done, I wrote to you and

have taken six bottles of Lydia E.

Pinkham's Vegetable Compound, one

box of Lozenges, one box of Liver

one package of Sanative Wash, and to-

day I am feeling as well as I ever did.

When I get up in the morning I feel as

fresh as a girl and eat and sleep

well and do all of my work. I feel

ever I feel weak again shall know

where to get my strength. I know

your medicine cured me."—MRS. SALLY

ARCHAMBO, Cambridge, Mass.

The present Mrs. Pinkham's expe-

rience in treating female ills is unpar-

alleled; for years she worked side by

side with Mrs. Lydia E. Pinkham, and

for some time has had sole charge

of the correspondence department of

her great business, treating by letter

as many as a hundred thousand ailing

women a year. All women who suffer

are invited to write to Mrs. Pinkham

at Lynn, Mass., for advice, which will

be promptly given without charge.

GET CAUGHT FOR SUCKERS.

(Louisville Times.)

LEXINGTON, Ky., July 26.—Drafts

received here against the Globe Tele-

graph School for advertising placed in

newspapers in all parts of the country

are being returned, there being

no such school in existence here. There

is a school called the Morse School of

Telegraphy, of which E. S. Clark, of

B. B. Jones, of Lexington, Business

College, are officers, managed by J. H.

Shulkey, of Oakbrook, Wis., which

claims on its advertising matter to be

the successor to the Globe Tele-

graph School. Thousands of dollars of

this advertising has been placed. The

matter addressed to the Globe Tele-

graph School has been received by the

Lexington Business College's new de-

partment, excepting the newspapers,

several hundred of which lay at the

postoffice unclaimed.

GLORIOUS NEWS

Come from Dr. D. B. Cargile, of

Whiteside, I. T. He writes: "Four

bottles of Electric Bitters have cured

Mrs. Brewer of sciatica, which has

caused her great suffering for years.

Terrible sores broke out on her

head and face, and the best doctors

could give no help; but her cure is

complete and her health is excellent."

This shows that thousands have

been cured—Electric Bitters is the

PECULIAR WAGER.

James Bradley has wagered his

sweetheart, Miss Mary Kinkaid, on

the result of the election with Willis

Wilkinson. Bradley is a Republican

and Wilkinson is a Democrat. They

live in Dudley township, Haskell coun-

ty, in the western part of Kansas. It

is a small township and contains only

six qualified voters.

In 1896 it was the only township in

the United States which gave a major-

ity for Palmer and Buckner. They

got three votes, McKinley two and

Hayes one. The wager is on the elec-

tion in this township. There being no

gold in this year, Wilkinson hopes

to get all three of those votes for Bryan,

and thus win a bride. The stakes

have been counting Miss Kinkaid for

over a year, and both have repeatedly

urged matrimony. Being unable to

make a choice, she suggested that the

question be settled by the election in

Dudley township. Her suggestion was

adopted.

She enters into the compact, and

agrees to marry Bradley if McKinley

receives the majority of votes in the

township, or Wilkinson if Bryan re-

ceives the majority. The idea was

probably suggested by a similar wager

made in that county last week. J. B.

Johnson wagered his daughter on Mc-

Kinley's election with Willis Wilkin-

son, a Democrat, who is anxious to marry

her.

DOYLESVILLE

Miss Mary Woosley is visiting her

mother, Mrs. Sarah Rankin, in Estil

county.

Mr. I. N. Sharp has returned from

an extended visit to relatives in Whit-

ney county, his former home.

Mrs. J. L. Griggs attended the Cen-

tral Holiness conference at Wil-

more, from July 24 to August 2.

The recent rains have so changed the

corn and grain in this vicinity that

farmers are scarcely know there has been

a drought.

Mrs. J. R. Dunbar and Mrs. Walter

Baker, of this place, were called to the

bed of their sister, Mrs. Wm. Elder,

at Union City, who is very low and

not expected to live.

stone for the new college building for

Asbury College.
